A course may be designed to involve lectures / tutorials / laboratory work/ seminar / project work / practical training / assignments / industrial training / viva voce, etc. or a combination of these, to meet effectively the

teaching and learning needs and the credits may be assigned suitably.

### **SEMESTERS**

An academic year consists of two semesters namely, Odd Semester (I and III Semesters): July to November; and Even Semester (II and IV Semesters): December to April. A semester normally extends over a period of 15 weeks. Each week has 30 hours instruction spread over a 5 day week. The duration of each semester shall be 90 working days for all PG Programme and 120 working days for B.Voc., Programme inclusive of examinations.

### **CREDITS**

Credit defines the quantum of contents/syllabus prescribed for a course and determines the number of hours of instruction required per week. The learning outcomes-based curriculum framework for education is a framework based on the expected learning outcomes and academic standards that are expected to be attained by graduates of a programme of study and holder of a qualification.

The OBE was introduced for various programmes offered by the University from 2016-17 onwards. The overall objectives of the learning outcomes-based curriculum framework are to:

- Formulate graduate attributes, qualification descriptors, Programme Learning Outcomes and Course Learning Outcomes that are expected to be demonstrated by the holder of a qualification;
- Enable prospective students, parents, employers and others to understand the nature and level of learning outcomes (knowledge, skills, attitudes and values) or attributes a graduate of a programme should be capable of demonstrating on successful completion of the programme of study;
- Maintain national standards and international comparability of learning outcomes and academic standards to ensure global competitiveness, and to facilitate student/graduate mobility; and
- Provide higher education institutions an important point of reference for designing teaching-learning strategies, assessing student learning levels, and periodic review of programmes and academic standards.

## **EXAMINATIONS**
