RESEARCH AND PUBLICATIONS POLICY

STATEMENT

BASCW is established with a Vision, "To be an Institution molding globally competent professionals as epitomes of noble values". The institute is committed to serve the society by conducting state of the art research to address the grand challenges and opportunities of the future.
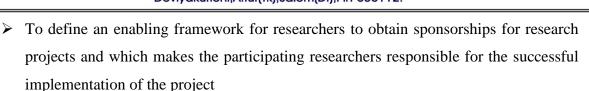

OBJECTIVES

- To provide proactive research culture
- To create the culture for inter-departmental and inter-institution/ university collaborations for inter – disciplinary/ multi-disciplinary research
- To publish research papers in high-quality journals of national and international repute, file patents and transfer technologies to relevant industries
- To create and promote quality human resources (UG and PG students, research scholars and faculty members) for scientific research
- To promote academic and industrial collaborations involving active and mutually beneficial R&D projects

RESPONSIBILITIES

- The R&D activities in the individual departments are monitored by Department Heads
- To develop rules, procedures and guidelines for granting research support, instituting awards, and supporting all other related activities
- To guide faculty members in the effective integration research projects with the regular curriculum implementation and curriculum enrichment activities
- To identify and inform researchers about the appropriate research opportunities announced by different academic, research, industry or government organizations
- To promote interdisciplinary research and establish modalities for preparing and undertaking joint research projects covering more than one knowledge domain as well as policies for involving external agencies/experts in such projects

- To define an enabling framework for researchers to obtain sponsorships for research projects and which makes the participating researchers responsible for the successful implementation of the project

- To encourage and facilitate the publication of the research work/projects in reputed academic journals

- To encourage and facilitate the presentation/communication of the research work/projects as well as their findings and recommendations through academic events such as workshops/seminars/guest lectures

- To compile data on all the research work/projects undertaken by the teachers and students in to a database for easy monitoring and analysis of the progress being made by them from year to year

- To provide a mechanism for ensure that academic staff attain the desired mix of teaching, research and consultancy outputs so as to achieve the level stated in the Institution mission

- To draw up and adopt a research code, which informs all researchers about the ethical and legal norms and principles to be followed in the conduct of research

- To prepare and implement a research quality assurance mechanism for ensuring that all research activities of the Institution conform to standard quality specifications
