

ACTION TAKEN REPORT

Action Taken Report on the suggestions of NAAC Peer Team Cycle II

During the Peer Team Visit in August 2023, based on the recommendations for the Quality Enhancement of Institutions the College has taken the action for the following aspects.

Peer Team Visit Report	Action Taken
Start Innovative and industry-oriented academic programs both at UG and PG levels	Artificial Intelligence, Cyber Security introduced from 2022-2023 at UG level and MSc Food and Nutrition introduced from 2022-2023 at PG level
Rationalise intake to various Programs and try to fill all the seats	Almost many programmes are filled
Leverage from ICT in teaching, learning and evaluation processes along with Learning Management System(LMS)	the use of ICT has created a massive impact on the teaching and learning process among students with more than 70 projector classrooms and also with smart classes.
College level clubs for students in areas like technology, literature, culture etc may be added to sharpen skills and attitudes of students	Various clubs are motivating the attitude of the students to develop their technological and literary skills
Appropriate strategies for development, compensation and retention of faculty shall be adopted	Management planned to periodical increment to the faculty members to retain them.
Research potentials of the faculty be fully exploited by providing seed money and guidance for seeking external research funding	We are extending our hands with industries to seek fund from Non-Government and Government organizations
Sign MOUs with excellence in India and abroad for collaborative research, students and faculty exchanges	More than 40 MOU'S Signed at International and International levels. The Departments have organized Faculty Development Programmes at National and State levels, The Department of CS collaboration with ICT academy of Tamil Nadu has programmes on Soft Skill Development to faculty members. An orientation programme was organized by the Departments and The faculty of all departments is motivated to attend research methodology/ advanced techniques based workshops, refresher courses and orientation programmes conducted by the university.
Provide better placement and progression opportunities through the career guidance cell	Placement training and Internship training mould the students to develop their career.
Knowledge of India, citizenship education and higher order cognition could be imparted in graduate programs in association with the affiliating university	We are seeking permission from parents University to enhance the same
